Price Alignment for Elix products

Dear customer,

Due to rapid increase in raw material cost we are forced to implement a price increase with immediate effect as follows:

ELIX® 100 Series	+ € 200,- / ton
ELIX® 200 Series	+ € 120,- / ton

Current agreements will be honoured and adjusted at next point in time.

Your sales representative will be contacting you in the next couple of days.

Thank you for your understanding.

Sincerely Yours,
